## ADOPTION SCHEME

WEST BENGAL ZOO AUTHORITY

## INTRODUCTION TO ADOPTION

### Animal Adoption Scheme: An Opportunity to Conserve Endangered Species

A unique opportunity for animal lovers, corporate companies, educational institutions, and individuals has surfaced as zoos offer their animals for adoption. This scheme allows the public to take care of various animal species and promotes direct public contact while also increasing accountability.

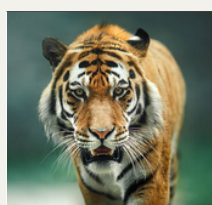

By adopting zoo animals, conscious and esteemed people and companies can spread awareness about endangered species and contribute to their conservation. The adopter's interest in animal welfare will help improve facilities for these animals, ultimately leading to better care and conservation in zoos.

However, zoos only participate in the Animal Adoption Scheme when they have the necessary credibility, commitment, and confidence to handle and care for the animals. This is due to the high level of responsibility required from zoo staff.
